B. Rules & Regulations

B1: Participant Rights and Allocation of Exhibition Spaces

- 1.1 The organizer may allocate the exhibition space in any manner as they deem fit but will take into account such factors as the order of application and payment received, number of booths, and the nature of exhibits.
- 1.2 Exhibition space is license to the exhibitor only. The exhibitor may not sub license the exhibition space allocated to it, either wholly or in part, to others.
- 1.3 Products or Services not included in the application document cannot be exhibited. The organizer has the right to remove non-approved exhibited at the cost of exhibitor.
- 1.4 Exhibitors can only sell their products within their own stands.
- 1.5 Exhibitors can only distribute brochure or leaflet within their own stands.
- 1.6 Exhibitors must assign a person to attend to the booth at all time
- 1.7 Personal attending the booth must able to communicate in English for a purpose of trade negotiation.
- 1.8 Exhibitors may choose to use a standard booth package or build their own stands or use other contractor companies to build their stand. Nevertheless, all exhibitors must comply with the regulations of stand construction and decoration below.
- 1.9 Exhibitors should arrange in advance the staffs who can communicate in English with international visitors

B2 : Booth Construction and Decoration

2.1 Using Standard Booth

- 2.1.1 Standard Booth (3 m. x 3 m. = 9 sq.m.) is included;
 1. 3 sides white wooden partitions system, 0.95 m. wide and 2.50 m. high
 2. Fascia board with exhibitor's name. Please return completed FORM 1 to the organizer within 19th January 2024
 3. Carpet
 4. Furniture (one table size: W:0.60 M x L: 1.20 M x H: 0.75 M. with Skirt, 2 chairs)
 5. Electrical: 2 fluorescents lamps, 1 socket (5 Amps)

2.1.2 Standard Booth Regulation

1. It is prohibited to alter, paint, nail, or screw any part of the booth's panels. Otherwise, exhibitors must be responsible for the damages and charges occurred.
2. Exhibitors have to inspect the quality of stand, decorative, equipment, furniture and electrical equipment before using them. If there are any defect or missing parts, please inform the contractor for correcting/changing, otherwise, it is the exhibitors' own responsibility in case of any damage of their exhibits/products.
3. If exhibitors do not want any item in the standard booth package, they must accept that the cost of the package will not change and there will be no compensation by other equipment.

2.2 Special Stand Construction (Exhibitor's own construction)

Exhibitors who apply for raw space only may hire the official contractor or other contractors to build a special stand. In any case, they must comply with the following regulations.

- 2.2.1 Fill in Form 3 and return it with stand construction plan including the electrical equipment setting to the Organizer for approval before **19th January 2024**. If the plan has not been received within deadline, the Organizer and BITEC (Exhibition Centre) will not allow access to the exhibition hall. For Special design booth, fascia and booth number have to be placed clearly.
- 2.2.2 Special Stand (Decorated booth) contractor must provide the event organizer a payment of 1,000 Baht/square meter by guarantee cheque for operation regarding the agreement on space size, and no less than 15,000 baht per booth. (See the details on page 21)
- 2.2.3 The contractor for the special booth that needs to install a truss above the ground shall pay for the cost of above-the-ground space in accordance with total weight of truss and related equipment. (See the details on page 22)
- 2.2.4 Limited booth height is 5 meters. If your booth design is higher than 2.5 meters (Standard Booth's Height), it has to be decorated both sides nicely.
- 2.2.5 For decorated booth's solid wall construction, the length of the wall should not be over than 6 Meters.
- 2.2.6 Each booth must have its own panels. It is not permitted to use the neighbor's panels if any panel is higher than the one behind, acceptable decoration or material must cover the back of that panel.
- 2.2.7 In case construction/decoration is found not following the agreement or the form submitted for approval, the organizer reserves the right to call for re-construction and in case of any damage, the exhibitors shall be fully responsible for damage payment unconditionally.
- 2.2.8 The organizer will mark the space for stand construction. Any questions concerning your space please direct contact to the official contractor.

- 2.2.9 All contractors can collect contractor badges and begin construction on **29th January 2024 from 01.00 PM and 30th January 2024 from 08.00 AM** at loading area.
- 2.2.10 There will not be any electrical setting or electric power in raw space order, exhibitors must place order directly with Official Electrical Supplier by filling in **Form 6A, 6D** and send to Expo lite Co., Ltd. within **8th January 2024**.
- 2.2.11 The floor shall be placed with carpet or other suitable materials; in case the participants are doing carpet placement, only tapes specially for carpet are allowed. **Never** use other tapes as to prevent indoor floor damage. In case of any damage, the participants shall take responsibility for the cost of the damage. **And in case of misuse of the types of tape or other materials that may put the floor at risk of damage later**, the organizer reserves the right to request for immediate disposal. If the participants cannot have it done, **the participants shall pay for the cost of cleaning/damage according to the amount evaluated and requested by the Exhibition Centre**. Considering the payment, the organizer shall return it back when cleaning/repairing the floor is finished after disposal of the booths and already confirmed for its completion only by the organizer.
- 2.2.12 Ahead of the construction/decoration, the construction contractors shall apply pre-flooring materials first for prevention of the floor from damage. Meanwhile, the participants shall take responsibility for that along with the construction and also coordinate to ensure that the contractors shall follow all rules and regulations of entering and using the buildings for construction/decoration; otherwise, the participants shall be fully responsible for all cost of damage that may be happened.
- 2.2.13 **No** permission of painting, spraying as well as using electric saws, welding machines or other devices, which may cause sparks, **strictly** in every case.
- 2.2.14 **No** pulling of wire ropes is allowed. Or stretched to perform bracing in the area And building projects are strictly prohibited
- 2.2.15 It is not permitted to place construction items against walkway. Exhibitor/contractor has to clear the leftover and dispose outside exhibition building.
- 2.2.16 It is not permitted to place advertisement material or any materials outside allocated space.
- 2.2.17 It is not permitted to hang any materials with wire, or fire extinguisher.

B3 : In-Out transfer of goods on booth setup, booth construction and booth removal dates

- 3.1 All participants shall finish their booth setup and or booth construction **by 10.00 PM of the date 29th and 30th January 2024**. after that the building is not allowed for construction/decoration **strictly**.
- 3.2 **No** removal of the booth **before 07.00 PM of the date 3rd February 2024**, the last day of the event.
- 3.3 The exhibitor needs to keep their goods inside the booth and remove them immediately on the final day of the event, 3rd February 2024. For the constructed and decorated booth, removal shall be finished **by 12.00 AM of the date 3rd February 2024** (Note: disposal period is 06.30 PM - 12.00 AM)
- 3.4 The exhibitors can make their own transportation or may directly contact the official sub-contractor for transportation service, Schenker (Thai) Ltd. by filling out and submitting Form 7 by 19th January 2024.
- 3.5 **No permission** for any in-out transfer of goods from the exhibition building beyond the time mentioned in the operation timetable in page 6 **definitely**.
- 3.6 In-out transfer of goods by wheel or cart is permitted only through the loading door at the back of the exhibition hall.
- 3.7 **No permission** for in-out transfer of goods or decorations through the front entrance of Hall 103-104 **definitely**.

B4 : Electrical Supplies and Lighting

- 4.1 The organizer will provide general lighting in the exhibition hall during show time only.
- 4.2 The electrical power in the hall require 220 volts.
- 4.3 The official electrical contractor is in charge of every electrical installation.
- 4.4 Electrical supply will be available about 30 minutes before and after the show time (7.00 PM.). If exhibitors require 24 hours electrical equipment, then **Form 6A** must be filled out and sent directly to Official Contractor before **8th January 2024**.
- 4.5 Exhibitors are not permitted to perform any electrical connection to the main supply of the exhibition hall without consulting the official electric contractor.
- 4.6 If there is any electrical connection/modification or using multiple sockets without permission, the electrical supply will be cut without any warning. The organizer reserves the right to cut power supply to any booth in case of improper usage of electrical equipment or other dangerous conducts
- 4.7 It is not permitted to use electrical band saw, welding machine or other equipment that cause sparks in the exhibition hall.
- 4.8 In the event that you have a test of a machine that causes a spark, the organizer asks for permission to notify to stop the operation immediately.

Exhibit Terms and Conditions

Contractor Badges

The contractor must wear contractor badge while on the exhibit floor. Also, the contractor is required to pay the deposit. If contractor or its representative fail to observe the term and condition of this contract, the contractor may not allowed to enter the exhibition area.

Booth Cleaning

During the period of exhibition day including move-in and move-out days, the Exhibitor is responsible to the Organizers for seeing that his booth is maintained in a clean and orderly state. Should goods be left, they will be disposed of or stored by the Organizers who will have the right to charge for such storage.

Care of Exhibit

Exhibitor shall not paste, nail or otherwise affix any exhibit, sign or other materials, to walls, doors, or other surface in a way that marks or defaces the Centre, exhibit space, stand equipment or stand furnishings. Exhibitor shall return the exhibit space in as good condition as it was received. Exhibitor shall be liable for any damage caused by its failure to adhere to this provision. Raw wood, cardboard or similar materials must be covered or painted if they are visible in adjacent stands.

Exhibition Booth Front Side

Front side of exhibition booth must be opened and keep its clear at least the half of side no matter how high of booth, or set up with translucence material underneath the exhibition booth's sign name. In case of solid wall construction, the length of the wall must not be over than 6 metres and the height must not be over than 5 metres

Carpet Flooring Installation

For Exhibitors who need to set up their own booth have to follow the rules as below;

1. Carpet flooring and Exhibit wall should be installed by the Exhibitor within 24 hours of starting time.
2. Carpet and flooring materials must be laid directly on the floor and securely taped at the edges which are easy to remove on dismantle day. No paint or glue on the floor. Fail to follow the rules will be affected for any delay of booth installation or move in and Exhibitors shall be fully responsible for any penalties.

Booth Painting

Exhibition booth must be painted on the wall both of inside and outside the booth(s).

Fire Precautions

The Exhibitor must comply with any instructions given by the venue and the Organizers to avoid the risk of fire. All material in constructional work and displays must be effectively fire-proofed.

Booth Construction

The Exhibitor shall submit plans of his booth(s) to the Organizer for approval by the venue. No display, booth fitting, or exhibit shall exceed the height specified in the Exhibitor's Manual, without the prior consent of the Organizer.

The Organizer and the venue reserve the right to examine and exclude any exhibit. The Exhibitor who failed to follow the rule is responsible to pay for expenses.

Booth Dismantle

Exhibitor will be provided reasonable time to dismantle its exhibits as will be specified in the Exhibitor Service Manual. Exhibit materials not removed from the hall by Exhibitor as specified will be removed by Organizer at Exhibitor's expense and liability.

Rules and Regulations

Exhibitor is responsible to comply with all rules and regulations which are in effect at the time this contract is signed.

Exhibition Booth Number

The exhibition booth number which provided by Organizer must be shown in every side of booth.

Staffing of Exhibitions

Exhibitor has to provide the staff and communication tools during the exhibition period due to communicate with Organizer in an emergency case.

Rules and Restrictions for Official Contractor

Do not have any records from; lack of responsibility, damage to other exhibit or have been rejected from any services/hospitality fields.

1. Company / Firm can provide any services, professional staffs with communication tools as Exhibitor request.
2. The Exhibitor shall submit perspective of his booth(s) with 1 copy to the Operation Manager for approval at least 30 days before installation. Any changing of plan is strictly prohibited unless the permission is granted directly from Operation Manager in writing.
3. Give the consults/recommendations to other Exhibitors or Contractor which can help the operation running the process. During the period of exhibition day including installation and dismantle day, only the Exhibitor or Contractor with the official badges are allowed to carry out work at the exhibition hall and they must liaise with the official contractor for all work requirements. Unofficial contractors are not allowed to get entry the exhibition hall as the Organizer reserves the right to stop or terminate all operation.

Rules and Restrictions for Raw Space (Special Design Booth)

The Exhibitors who reserve for exhibit raw space can set up their own booth by follow the rules and restrictions as below;

1. To build up the Exhibitor's own booth(s) or use exhibit raw space for display must be affix the company sign name and exhibitor number in clear. Failure to comply with the rules and regulations of this contract and as stated in the exhibitor's manual will result in the alteration or removal of the booth at the Exhibitor's expense.
2. The Exhibitor company is responsible for all injury, lose or damage that may occur from Exhibitor's contractor.
3. The Exhibitor who builds up their own booth (s) shall submit perspective of his booth(s) including the detail of all materials and electrical installations to the Exhibition Operation Department for approval at least 30 days before exhibition day. The Operation Department will reply for approval within 15 days after received the plans. Organizer reserves the right for any changing of plans if necessary and the Exhibitors who do not submit plan for approval are not allow building up booth(s) in exhibition area.
4. The exhibition booth(s) must be fully carpeted.
5. For security and safety, please do not set up all electric by yourself. All electrical installations on stands must comply through the official constructor with the relevant regulation and are subject to inspection and test.
6. Any spray, welding and anything which make dusts or disturb to other exhibitors/visitors are strictly prohibited in the exhibition hall.
7. In case of exhibit space is next to another exhibition booth. Please do not use any benefits from that exhibition booth. The Exhibitors have to build their own booth and booth's wall by themselves.
8. The Exhibitor has to cover the booth's wall if it higher than adjacent exhibitor's booth.
9. Nothing shall be posted on, or tacked, nailed, screwed, or otherwise attached to the columns, walls, floors or other parts of the convention hall exhibit area without permission from the proper building authority.
10. The Exhibitor shall build up you own booth's back wall (for island stand). Organizer reserves the right to change the Exhibitor booth(s) plans due to obstruct the view or prejudice adjacent Exhibitors.
11. Any display or content may exceed the high of 2.5 meters should build up at least 1 meter away from the back wall except the booth which next to the wall of exhibition hall.
12. The Exhibitor is responsible to clean the exhibition booth(s) before return to Organizer.
13. The Contractors and Exhibitors cannot build up the booth(s) unless permission is granted directly by Organizer. A construction guarantee or cheque as guarantee amount including common service fee are

Criteria for The Cost of Damage due to Construction of Special booth

It is critical for the Company to set the rate of damage cost so that this exhibition can process efficiently and smoothly. The Company, therefore, requests for cooperation from both the contractor for special constructed booth and the exhibitor to give special care and prevention from damage that is likely to happen and affects the cost of damage as follows.

1. In case of damage of equipment, location or decoration the cost of damage will be assessed from where the damage takes place.
2. In case of misconstruction of the booth regarding the form submitted to the organizer, 50 per cent of the space guarantee payment shall be deducted or the construction will be halted.
3. No permission of covering the wall with smooth white opaque material or white painted plywood (for the wall higher than 2.5 meters), 50 per cent of the space guarantee payment shall be deducted or the construction will be halted.
4. In case of trash or excessive materials left (on the days of booth setup and disposal) the cost of 500 Baht per kilogram shall be paid.
5. The exceeding time of construction and removal costs 1,000 baht per hour.
